

Dear Friend,

As part of the St. Jude family, we extend our caring thoughts for your health and well-being. Today, united as one St. Jude family, our fight against childhood cancer continues. Together, nothing is impossible and that is why we invite you to partner with us for the **11th Annual Warburton** event **benefiting St. Jude Children's Research Hospital**.

During the event, we will be hosting an amazing Online Silent and Live Auction featuring desirable items from generous businesses such as yours. **We would like you to consider joining us in our efforts to find cures for childhood cancer by donating an item to our Online Auction.** Giving right now looks different for everybody. Please know every donation or act of kindness makes a difference.

Thanks to you, our lifesaving work continues. At St. Jude, one thing has always been certain: families will never receive a bill from St. Jude for treatment, travel, housing or food. St. Jude must continue to invest in research of life threatening illnesses like childhood cancer and infectious diseases. Your investment in St. Jude is an investment in clinical discoveries that save lives everyday not only here in the United States, but all across the globe.

As a partner of the event, you will gain tremendous exposure and can take great pride in raising awareness and funds for St. Jude. To make your commitment today, please complete the enclosed agreement form. For additional information, please visit our website at www.thewarburton.com or contact Odette Gutierrez with St. Jude at (714) 855-6350 or Odette.gutierrez@stjude.org.

St. Jude kids need you today, so that they can look forward to a brighter tomorrow. Thank you for your consideration to join us in the fight against childhood cancer.

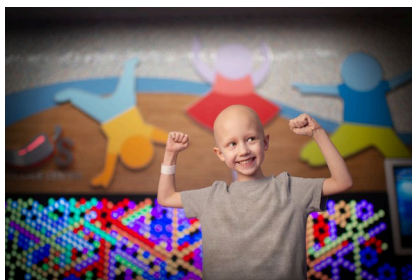

Gratefully,

Danielle Scardino

Director of Auctions for The Warburton

St. Jude patient Lydia

St. Jude patient Brayden

St. Jude patient Quincy & dad
